GETTING STARTED WITH **TEAM tyrvaya**[™]

PATIENT SUPPORT

Once your doctor prescribes Tyrvaya, our goal is to make getting it as simple as possible through PhilRx or your local pharmacy.

Your doctor's office should check the relevant box below so you know what to expect next:

1. THROUGH PHILRX

Your Tyrvaya will be processed by **PhilRx**, a third-party vendor that administers our patient support program. You'll get a text within minutes of PhilRx receiving your prescription.

- 1 Your doctor will include your cell phone number with your prescription to PhilRx to get you started.
- 2 **Check your phone**—PhilRx will text you from **744579** to **complete enrollment** with a few simple steps. Make sure you click the links in the texts to complete enrollment and confirm your order.
- 3 PhilRx will automatically apply our savings offer, if you're eligible, to get you the **lowest possible price**.*
- 4 **Your Tyrvaya ships free right to your door!** We'll text you a link to check the status of your order, and you'll get text refill reminders so you're never without your Tyrvaya.

OR 2. THROUGH YOUR LOCAL PHARMACY

Prefer your **local pharmacy**?

- 1 Your doctor will send your prescription for Tyrvaya to your local pharmacy.
 - 2 Before you head to the pharmacy, go to [TyrvayaSavings.com](https://www.tyrvaya.com/savings) and fill out the form to get your savings offer, if eligible.*
-
- Scan the QR code or go to [TyrvayaSavings.com](https://www.tyrvaya.com/savings) to get your savings offer.*
- 3 **Keep your savings offer handy**—print it out, take a screenshot, or save it to your phone.
 - 4 Bring the full savings offer with pharmacist instructions when you pick up your prescription.
 - 5 To get the **lowest possible price**, ensure that your pharmacist applies your savings offer to your prescription.*

Have Medicare Insurance?

Though you don't qualify for the Tyrvaya[®] Savings Offer, TEAMTyrvaya[™] can still offer support—**here are a few tips:**

Whether or not your insurance plan covers Tyrvaya, consider asking your provider to send your prescription to **PhilRx**

- This will help you get the **lowest out-of-pocket cost** for your Tyrvaya

If your plan covers Tyrvaya, you may want to consider talking to your provider about a **Tier Exception**. If it is appropriate, your provider can make such a request to your Medicare insurer

- If approved, this may result in coverage of your Tyrvaya prescription at a cost to you that is consistent with other products covered by your specific health insurance plan

Contact your Medicare provider to get more specifics on your overall coverage and out-of-pocket costs
